**Our legislators are paid a salary of \$43,000 for 3 months in addition to lodging, meals and mileage.**

What is interesting is how many of our legislators took the max allowed for lodging and also claimed mileage. If they are being reimbursed for hotel stay for all three months (the entire session), how can they be in two places at the same time? Did they stay with their families on any of those twelve weekends?

We also need to investigate did our legislators actually stay in a hotel and do they have receipts to back up their meals and lodging? Remember, they are going to a lot of receptions hosted by special interests.

In addition, if the tax payers are being asked to do more with less, it would be nice if our legislators who live very close to Annapolis, could make some sacrifices instead of taking the full hotel allowance.

After all, we are facing a budget deficit in the state of Maryland and Prince George's County.
